

Plan a Special Leader Training Workshop any time . . . anywhere . . . at your convenience

A workshop designed just for you!

As an alternative to our regularly-scheduled Leader Training Workshops, Active Parenting Publishers can design and implement a workshop specifically for your organization or community effort.

If you have 12 or more people who need to be trained to lead one or more of the popular Active Parenting programs, we can send a national trainer to conduct a Special Training Workshop (SLTW) at a location convenient to you.

The minimum number of participants may vary depending on your geographic location.

Who should sponsor a Special Leader Training Workshop?

Already over 20,000 people nationwide have participated in our Leader Training Workshops. Organizations include:

- school systems
- hospitals
- religious organizations
- social service agencies
- corporations (large and small)

“The training was wonderful. Our trainer made it easy to understand the curriculum and how we can conduct a class or work one-on-one with parents in an effective way.”

Linda Armstrong
Social Services Aide III
Arkansas DHS-DCFS

Choose from 7 exciting topics!

Special Leader Training Workshops are designed to teach people from your organization how to lead effective groups using programs from Active Parenting Publishers. You can choose from the following subjects for a one-day, one-and-a-half-day, or two-day workshop:

Parenting Education

Based on the award-winning *Active Parenting Now*, *Active Parenting of Teens*, *Active Parenting for Stepfamilies*, *Families in Action* or *1,2,3,4 Parents!* programs. Your group will learn to lead effective parenting education courses.

Co-Parenting After Divorce

Based on the *Cooperative Parenting and Divorce* program. This workshop trains your group to teach techniques that help parents shield their children from parental conflict and guide them through the process of recovery.

Parent Involvement

Based on the *Parents on Board* program. Your group will be trained to help parents become actively involved in their children's academic success.

Loss Education

Based on the *Windows: Healing and Helping through Loss* program. This workshop prepares your group to understand their own loss process and to help others deal with all kinds of loss.

Character Education

Based on the *Free the Horses* program. This workshop trains your group to help children develop their talents, dreams and character.

Spanish Parenting Education

Based on the *¡1,2,3,4 Padres!* and *Padres Activos de Hoy* programs. Your group will learn to lead effective parenting education courses in Spanish. (Workshop is conducted in Spanish.)

What your group will accomplish:

- A complete understanding of the chosen program
- How to successfully implement the program in their community
- How to customize the program to fit specific needs
- Sharpened leadership skills
- Networking with other helping professionals

A Special Leader Training Workshop is a cost-effective way to train a group of 12 or more. The larger your group, the more you'll save!
